9th of May 2022

Autoglass Middle East LLC becomes AGE's new member in the United Arab Emirates, making them the first official AGE member in Asia.

Autoglass Middle East LLC was established in 2009 and was the first automotive glass repair and replacement company in the UAE.

The Autoglass Middle East LLC team is highly trained and experienced in the glass bonding industry. They only use premium materials and follow the highest standards, enabling them to return their customers' vehicles to their original factory specifications.

Their service through the years has allowed them to form strong relationships with key local insurance, fleet and leasing companies.

Together with AGE, Autoglass Middle East LLC aims to continue to create tangible value for its customers and partners, while expanding their services and expertise across national borders. AGE furthermore opens doors for Autoglass Middle East LLC to many industry best practices.

"It is a great honor to welcome Autoglass Middle East LLC as a new member in the United Arab Emirates. Working as one, we aim to provide the best service possible to our customers focusing on safety, quality, innovation, and sustainability. This new partnership also sets a clear path for AGE's member strategy, focused on our core values," shared Marco Moreno, AGE CEO and Chairman.

AGE has recently been pitching on international tenders for leading insurance and leasing companies. This has brought positive results with key customers, driving out goal of growing market shares and global presence. AGE also aims to take further steps towards sustainability and to improve its supplier portfolio guaranteeing high-quality products and the best conditions for its member organizations.

AGE now has members in Europe, Canada, South Africa, and Asia with announcements of more members expected shortly.

Further information:

AGE is a network of automotive glass replacement and repair companies. Together the network contains 2 000 fitment centres and 2 000 mobile units in 21 countries. Members are innovators in their local markets and work collaboratively to expertly service customers beyond their individual borders through key international supplier partnerships. AGE members have national networks within their countries and partner with local insurance, leasing and fleet management companies to provide sound glass repair and replacement services.
