Automotive Glass Experts (AGE) Extends a Warm Welcome to Glass America as Its Newest Member in the USA

Automotive Glass Experts (AGE) takes great pleasure in announcing the inclusion of Glass America to its distinguished network of automotive glass service providers.

This strategic partnership signifies a noteworthy achievement for AGE, underscoring our unwavering commitment to delivering premium automotive glass services to discerning customers throughout the United States.

Established in 1999, Glass America stands as one of the nation's premier providers of auto glass, windshield repair and replacement, and ADAS calibration services for a comprehensive range of vehicle makes and models. Operating with pride and distinction, Glass America offers mobile services in over 37 states, ensuring unparalleled convenience and accessibility for customers, virtually anytime and anywhere.

Boasting a nationwide presence and a steadfast commitment to same-day service, Glass America has been a guardian of road safety for over two decades. Their extensive inventory of OEM (Original Equipment Manufacturer) quality windshields, coupled with an unwavering dedication to safety, positions them as a trusted choice for all auto glass needs.

In recognition of the paramount importance of safety, Glass America has ensured that all its technicians are certified by the Auto Glass Safety Council™ (AGSC). This commitment to AGSC standards is integral to maintaining the highest levels of safety and quality in the American automotive glass market.

As an independently owned and operated entity, Glass America places a strong emphasis on environmental responsibility. Their proactive measures to reduce resource consumption, promote recycling, and instill environmental awareness seamlessly align with AGE's core values.

In a stride towards a more sustainable future, Glass America is committed to aligning its sustainable strategy with AGE. This collaboration will not only enhance the environmental footprint of our collective operations but also contribute to the broader industry's commitment to sustainable practices.

At the heart of Glass America's operations is a customer-centric approach, epitomized by a commitment to superior service. Whether through their convenient mobile service or at their dedicated service locations, the company demonstrates a deep understanding of the insurance billing process. They offer hassle-free insurance processing, empowering customers with an informed choice in selecting their preferred auto glass service provider.

"Embracing Glass America into the AGE fold is not just an expansion—it's a transformative moment. With our newest member in the USA, our consortium achieves a remarkable balance, with Marco Moreno, AGE's astute CEO and Chairman, steering a truly global alliance where every facet contributes to our collective strength."
