DATE

July 06, 2026

**UniglassPlus, VitroPlus, Docteur du Pare-Brise
& Go Glass & Accessories to represent AGE across Canada.**

Automotive Glass Experts (AGE), the second largest automotive glass service provider network in the world, announces the signing of a membership agreement with UniglassPlus, VitroPlus, Docteur du Pare-Brise & Go Glass & Accessories, a group of leading automotive glass service brands operating across Canada.

Under this agreement, the Canadian network's portfolio of local automotive glass brands will represent AGE in the Canadian market, marking a significant milestone in AGE's strategic expansion from Europe into North America.

This announcement also marks a meaningful reunion. These brands were previously a member of the AGE network, and while the two organizations pursued their respective growth paths independently for a period, the evolution of AGE's international strategy and their continued leadership in the Canadian market have created the ideal conditions to rekindle this partnership, stronger and more ambitious than before.

The Canadian Membership

Through this membership agreement, Canada's well-established local brands, all operating under the same umbrella, will officially represent AGE across Canada:

- UniglassPlus: One of Canada's leading automotive glass service providers.
- VitroPlus: A trusted glass and automotive accessories brand serving customers throughout Quebec for almost 50 years.
- Docteur du Pare-Brise: Quebec's specialist in automotive glass repair and replacement, known for expert technicians and rapid response service.
- Go Glass & Accessories: Automotive glass services combined with a curated range of vehicle accessories for Canadian drivers.

Together, these brands operate over 230 locations, making this network one of the most extensive automotive glass networks in the country.

What AGE Membership Brings

As official AGE members, UniglassPlus, VitroPlus, Docteur du Pare-Brise & Go Glass & Accessories will gain access to the full range of benefits that the AGE global network provides, including:

- Access to industry best practices: enabling continuous improvement and alignment with the latest trends and advancements in automotive glass.
- Shared know-how between members: through a global platform for knowledge exchange that allows members to learn from one another and collectively innovate.
- Technical team projects and support: providing expert guidance on technical challenges to help optimize operations and service quality, while also leveraging their deep knowledge of the North American market to support AGE's continued expansion across the Americas.
- Participation in international tenders: with insurance, fleet, and leasing companies through the AGE global network, directly supporting local business growth.
- AGE policies and standards: including alignment with AGE's code of conduct, environmental policy, and health and safety standards.
- Global sustainability strategy: with access to AGE's carbon emissions measurement tools and sustainability programs, including collaboration under the United Nations Global Compact.

"Welcoming UniglassPlus, VitroPlus, Docteur du Pare-Brise & Go Glass & Accessories back into the AGE family is a proud moment for our organization. Their brands are deeply rooted in local communities across Canada, and their operational excellence is a testament to what AGE membership stands for. AGE was born and grew its strength in Europe, and this agreement is a clear statement of our ambition to build a truly global network. We look forward to working and growing together."

Marco Moreno, CEO and Chairman, AGE

"Rejoining AGE feels like a natural step in the evolution of our business. The network's global standards, and knowledge sharing platform will bring real and tangible value to our brands and, most importantly, to our customers across Canada. We are proud to be part of this community once again."

Maurice Filion, President, UniglassPlus, VitroPlus, Docteur du Pare-Brise & Go Glass & Accessories
